WEBB & BROWN-NEAVES 1978

WELCOME TO COASTAL, *beautifully grounded.*

This lookbook is a curated journey through coastal living, where sun-drenched tones meet laid-back elegance, and beauty is shaped by texture, light and ease.

From the relaxed simplicity of weatherboard and driftwood, to the fresh calm of whitewash and neutral layers, each element brings a sense of quiet retreat.

Whether inspired by the sea or simply a slower way of living, Coastal style invites you to create a Webb & Brown-Neaves home that feels open, effortless and entirely your own.

1 *Natural* LIGHT

The true essence of coastal living. Large windows, soft sheers and open plans invite light to wash through the home, creating an effortless sense of calm.

2 *Inside-Outside* FLOW

Sliding doors, alfresco living, and shaded verandas blur the boundaries between home and horizon. Every space feels part of the landscape.

3 Breezy PALETTES

Soft whites, sand tones, and muted blues form a backdrop of serenity. Simple, tonal palettes reflect light and make every space feel open and airy.

4 *Everyday* RETREATS

Bedrooms, ensuites, lounges and breakout zones can feel like mini escapes.

Spaces that welcome dappled light turning everyday spaces into moments of calm.

5 Weathered FINISHES

Time adds beauty. Lightly brushed brickwork, textured walls and coastal stone evoke the softness of nature.

6 *Serene* BEDROOM

Soft light filters through linen drapes. Layered textures, cotton, jute and timber. In a Coastal bedroom, luxury is found in calm, not clutter.

7 *Social* KITCHENS

A Coastal kitchen is simple, social, and sunlit.

Open shelving, natural stone, and brushed hardware create a sense of ease. It's a space for slow breakfasts, shared plates, and conversations that linger long after the meal.

8 *Light-Filled* HALLWAYS

Even the passages feel part of the story. Skylights, pale walls and coastal art turn simple transitions into gentle, uplifting moments. Connecting each room through rhythm, air and light.

9 *Breezy* BATHROOMS

Coastal bathrooms are retreats in miniature.

Pale stone, soft features and muted tones evoke the shoreline.

A freestanding bath beneath natural light becomes a place to breathe.

10 Effortless FURNISHINGS

Relaxed, comfortable furniture encourages living, not posing. Casual throws, rounded forms, and organic materials make every room feel welcoming and lived-in.
